

**February 6-7**

**Portage Co., Central WI**  
**Winter Rendezvous**

Come one, come all! Renew acquaintances, hike, play, feast, and preview 2010 projects at our annual winter gathering. We'll return to the Central Wisconsin Environmental Station in Amherst Junction for a fun slate of events all day Saturday and into Sunday morning.

**May 11-16**

**Polk Co., Northwestern WI**  
**New Trail Construction**

The new Straight Lake Segment that we started in 2009 is destined to become a signature experience for Ice Age National Scenic Trail users. For this event, our usual strong effort will receive a boost from AmeriCorps workers and Volunteer Vacationers from the American Hiking Society.

**June 5**

**Statewide**  
**National Trails Day**

Join hiking aficionados nationwide to celebrate America's trails — work, hike, and play on the Ice Age Trail at events around the state!

**June 16-20**

**Marathon Co., North-Central WI**  
**"IAT-U" and New Trail Construction**

"Educate and Empower" is the MSC program touchstone. IAT-U features hands-on volunteer training sessions... tomorrow's leaders wanted! Along with IAT-U, we'll also be conducting a full-scale trail building event, kicking off construction of the new Plover River Segment. Camping will be at spectacular Dells of the Eau Claire County Park.

**July 15-18**

**Polk Co., Northwestern WI**  
**New Trail Construction**

Heavy hitters needed...at this return outing to the new Straight Lake Segment we'll craft tread on steep sideslope to interpret the finest example of a glacial tunnel channel in the Midwest. Non-heavy hitters welcome, of course...as with all our events, we'll have important roles for all!

**August 12-15**

**Waushara Co., Central WI**  
**New Trail Construction**

Help extend the Ice Age Trail north from the Mecan River Segment and craft a new section of tread interpreting a fantastic kettle on the Greenwood Wildlife Segment.

**September 16-19**

**Marathon Co., North-Central WI**  
**New Trail Construction**

We'll look to further work started at our June project. The Plover River gurgles and encourages; all hands needed!

**October 14-17**

**Columbia Co., South-Central WI**  
**New Trail Construction**

The Colsac Segment overlooking Lake Wisconsin is renowned for its beautiful views. At this event, we'll extend the segment south toward Gibraltar Rock, another spot with remarkable panoramas.
